

# WALL EAZE

*To speed installation of WallEaze Insulation, attach with Hilti® Insulation Fasteners.*

*The fastest way to insulate basement walls... economical, energy-efficient, attractive, quick & easy installation.*

**Fact:** In today's well insulated home, an uninsulated basement condition can contribute up to two-thirds of the home's total energy loss! Wall Eaze is available in half or full wall blankets in R-Value 11.

**Call toll-free today any of our ten locations for more information**
