

Ag™ Kraft Faced Batts

with ECOSE® Technology

Description

As part of the ThermaCare Stable airtight Envelope Solution, Ag™ Kraft Faced Batts are a cost-effective thermal glass mineral wool wall insulation for energy-efficient construction. The ECOSE® technology provides a bio-based binder that contains no phenol, formaldehyde, acrylics or artificial colors. The consistent quality, low dust, and lean-cutting resilient fibers result in a fast installation.

Application

Ag Kraft Faced Batts (with two tabs to staple) can be used in new and retrofit applications in agricultural wood frame structures.

Dimensions

R-value	Length	Width
R-11	15"	93"
R-11	23"	93"
R-11	24"	48"
R-13	15"	93"
R-13	23"	93"
R-15	15"	93"
R-19	15"	94"
R-19	15"	48"
R-19	23"	94"
R-30	16"	48"
R-30	24"	48"
R-38	16"	48"
R-38	24"	48"

Performance Properties

Corrosiveness Type II, Class C
ASTM C665

Surface burning 25 flame spread, 50 smoke developed
characteristics
ASTM E84

UL environment GREENGUARD Certified
GREENGUARD Gold certified
